Seneca College

Computer Programming

Toronto, ON

Graduation Date: Aug 2024

WORK EXPERIENCE

Upwork

Remote

Freelance Video Editor

- Edited and produced high-quality video content for various clients, ensuring alignment with their branding and communication goals.
- Managed multiple projects simultaneously, delivering final products within tight deadlines.
- Collaborated with clients to understand their vision and make necessary adjustments to video content.

Work From Home Podcast

Remote

Lead Video Editor

- Led the video editing team in producing engaging video content for podcast episodes, ensuring consistency in style and quality.
- Developed video editing templates and workflows to streamline the editing process and maintain a high standard of output.
- Worked closely with the production team to align video content with the overall theme and messaging of each episode.

SELF-INITIATED PROJECTS

Coffee Shop Website

Kohii Cafe (<https://kohiicafe.onrender.com>)

- Crafted a visually appealing and user-friendly website for the fictional Kohii Coffee Shop, integrating modern design principles and best practices.
- Designed and implemented a fully functional login and sign-up system, providing secure and user-friendly account management.
- Utilized Adobe Illustrator and other design tools to create custom graphics and illustrations, maintaining a cohesive aesthetic that aligns with the brand's identity.

Artwork Museum Website

Art Web (<https://web422-a6-ehlachica.vercel.app>)

- Developed a website for searching artworks from various countries using a public API, featuring a clean and user-centric design.
- Implemented user registration and login functionalities. Enabled users to save their search history and favorite artworks for a personalized experience.
- Utilized modern web technologies and APIs to integrate artwork search capabilities, ensuring a robust and dynamic user experience.
